AN AIR OF LUXURY

Living your best life, Starts with the best.

"It's hard to stay humble when you look so good and work so hard, but that's what our fans do. A combination of great design with top quality creates a ceiling fan that will certainly make you a fan for life."

- John Hunter

*Antique Pewter with
Antique Black Blades*

*New Bronze With
Coffee Beech Blades*

*White with
White Blades*

Summer

Winter

Cabo Frio

Reversing switch for both summer and winter operations:

Blades run anti-clockwise in summers to blow air downwards and create a cooling breeze. In winters, clockwise movement of blades at low speed circulates the warm air downwards, warming up the area.

FEATURES:

- The technologically advanced motor make the fan whisper quiet
- Approved for covered (damp) outdoor locations
- Specially designed blades allow air to spread consistently around the space and surroundings
- Even circulation of air takes the load off air conditioners, thus saving more energy

SPECIFICATIONS:

- Available in 1320mm sweep size
- 5-year warranty on the motor
- Available in three variants –
 - Antique Pewter finish with Antique Black blades
 - New Bronze finish with Coffee Beech blades
 - White with White blades
- Twisted polycarbonate blades

*New Bronze
with Walnut Blades*

Summer

Winter

IP23

Maribel

Reversing switch for both summer and winter operations:

Blades run anti-clockwise in summers to blow air downwards and create a cooling breeze. In winters, clockwise movement of blades at low speed circulates the warm air downwards, warming up the area.

FEATURES:

- The technologically advanced motor make the fan whisper quiet
- Designed for both indoor/outdoor use
- Specially designed blades allow air to spread consistently around the space and surroundings
- Even circulation of air takes the load off air conditioners, thus saving more energy

SPECIFICATIONS:

- Available in 1320mm sweep size
- 5-year warranty on the motor
- Available in New Bronze finish with Walnut blades
- UV Resistant ABS plastic blades
- IP23 Rated fan

*Brushed Nickel
with Cherry Blades*
