# OORJAA

Oorjaa is an exploration of light that reflects our love of material, craftsmanship and sustainable living. Crafted with care, every lamp is alive with the inimitable individuality of the handmade. We subtract the superfluous, in both our aesthetic and our methods, evolving designs that are easy on the eye and the environment.

Oorjaa is a design studio that handcrafts sustainable materials into lamps for retail and custom lighting solutions for commissioned spaces and projects. Our roots lie in Bangalore's first handmade paper studio established in 1998 by Jenny Pinto. Today we continue to be led by the idea of combining waste and natural fibre to create beautiful lights and are committed to our ethos of living lightly.

lamp the code would be JPSP0530**

Three modern pendant lights made of cork hang from black cords against a dark, textured background. The lights are arranged in a triangular pattern, with one in the center and two below it. They are illuminated from within, casting a warm, yellowish glow. The cork material has a natural, porous texture.

## Care Instructions:

Harvested from tree bark that regenerates every nine years, Uncork is an expression of contemporary forms, using cork. It throws new light on a beautifully sustainable material, that is usually hidden away in industrial use.

- Dust regularly with a clean, dry or moist cloth.
- Avoid prolonged exposure to direct sunlight to prevent discolouring.
- Avoid exposure to excessive moisture and rain but if it does get wet, just leave it to dry naturally.
- Cork is a natural raw material; its appearance, namely color, may alter with time, without loss to its intrinsic properties.
