LED DOWNLIGHTERS - RECESS

Recessed downlights are the best when you desire clean ceiling lines. Best suited for places that need clear light flow, minimum glare and shadows. Mount fix on the side, front or slightly behind the task area for best results. Easy to handle and less expensive when installed during new construction or major renovation.

LED DOWNLIGHTERS - SURFACE

Surface mounted downlighters are the perfect lighting solution when you do not have enough space. Because they are surface mounted and not fixed into the ceiling, they need not be fire rated. A series of surface downlights can bring alive the interiors and create a pattern of ambient and practical light in your space.
